

IOSH Managing Safely

Who is the course for?

Every manager should have an understanding of their responsibilities when it comes to health and safety.

This flexible course is ideal for getting managers up-to-speed on the skills they need to tackle safety and health issues in the workplace.

A practical programme, full of step-by-step guidance, Managing safely has a sharp business focus. The hands on, jargon-free format engages and inspires, and has helped a huge range of businesses to raise standards of safety and health.

How the course delivery style suits you

- Memorable and thought provoking facts and case studies help drive the points home over the whole course
- Each module is backed by crystal clear examples and recognisable scenarios, and summaries reinforce the key learning points
- The course includes checklists and other materials for delegates to try out and then use when they get back to their own workplaces
- Little 'down time' – the programme can be delivered flexibly so that it suits your business
- Efficient and effective learning – health, safety and environmental basics are covered in a single programme

Course content

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance
- Protecting our environment

Assessment

- A 25 question, multiple format assessment paper
