

IOSH Working Safely

Who is the course for?

Everyone at work should have an understanding of why they must 'work safely'.

Working safely is a one-day course for people at any level, in any sector, that need a grounding in health and safety.

Ideal for introducing staff to why health and safety is important, Working safely shows how everyone can make a difference to their own wellbeing and that of others through everyday behaviours. Fun and interactive, the course focuses on best practice rather than legislation.

How the course delivery style suits you

- Memorable and thought provoking facts and case studies help drive the points home over the whole course
- Each module is backed by crystal clear examples and recognisable scenarios, and summaries reinforce the key learning points
- The course includes interactive games and quizzes, helping delegates learn in a refreshingly informal way
- Minimal disruption to working days and shifts – the programme is delivered in just one day, including the assessment
- Efficient and effective learning – health, safety and environmental basics are covered in a single programme

Course content

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment

Assessment

- Delegates are evaluated using a multi-format question paper and a multiple choice hazard spotting exercise
- When you pass, you can choose to receive the IOSH Working safely certificate and/or the IOSH safety passport as proof of your qualification

Business benefits

- Recognised by CSCS as equivalent to Level 1 Award in health and safety in a construction environment, enabling delegates to apply for a CSCS green card once they have passed the CITB Health, Safety & Environment Operators Test
- Greater productivity as fewer hours are lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation for safety measures
- Active staff involvement to improve the workplace
- Nationally recognised and respected certification
- Enhanced reputation within the supply chain
