What Is Required From You the Employer?
For the majority of apprenticeships, the employer is required to allow the apprentice time to study and take assessments. We will advise in advance as much as possible to facilitate work planning.

The employer is also asked to facilitate visits from SP Training assessors to both assess competency and monitor training performance and competence. Please note that before joining an apprenticeship programme, all applicants will need to be assessed to determine their level of English and maths and an Eligibility Check will also need to be carried out.
