- Vehicle Selection, Permits and Methods of Operating, Customs Transit System, Intercoms and Frontier Crossings, International Documentation
- Exam Preparation

## MCPC Course and Exam

On average, this remote course takes around 2 weeks, with additional days for exams. The course is split into 2 parts - the first part consists of 60 hours of self-led e-learning, followed by 5 days of live, virtual face-to-face tutor-led learning with exam practice.

### The five days of live learning include:

**Days 1 & 2** - learning recap of the self-directed learning followed by focus modules on Financial Management, Operator Licencing, Drivers' Hours and Vehicle Costing modules.

**Day 3 - 5** - Tutor-led exam practice and revision sessions.

The exam is the week after.

## The learner will require:

- A suitable device (laptop or desktop)
- An internet connection with at least 300kbps download/upload speed
- A functional webcam and microphone
- Permission for your IT department to download the required software
- It is advisable to run a system check ([systemcheck.rpexams.com](http://systemcheck.rpexams.com)) to ensure the PC/Laptop meets minimum requirements
- The software that is required is compatible with Windows 10,11 and macOS 11,12 and 13 only. Chromebooks are not compatible.
